COMPANY PROFILE

Kiné is focused on making arthouse films and doc series presented in some of the most important markets and festivals. In 2019 *Il Varco* by Federico Ferrone and Michele Manzolini, was presented in the 76th Venice Film Festival and awarded at EFA2020 for the best editing.

In 2020 our doc series "Rebel Styles" has been released on SkyArte in Italy.

After consolidating our experience in the documentary field and following important training programmes (Eurodoc, Emerging Producer, Rotterdam Lab, Biennale College), we produced our first two fiction works: *Pluto* by Renzo Carbonera presented at the Trieste Science+Fiction Film Festival in November 2022 and *Le proprietà dei metalli* by Antonio Bigini in the official selection at the 73rd Berlinale (Generation section), then presented at numerous international festivals and currently in theatrical distribution in Italy.
