

The Small Boss, based in Parma, is an established documentary production company. Founded in 2011, it has already created and produced documentaries that have participated in numerous international festivals and been broadcast by major international broadcasters such as RAI3, SVT, Al Jazeera, GloboTv, HRT, 2M, France Télévision, RTBF, BBC. "On the other side of the story" is the claim that sums up the nature and style of Small Boss: giving voice to stories that are hidden when they are not yet visible to most people, with a captivating narrative style that makes the viewer feel part of those stories.
