B1

COMPUTER SKILLS

Good knowledge of the fundamental components of a PC: Motherboard, CPU, Ram and Hard Disk.

Good knowledge of the Adobe Creative Cloud package, in particular of Software such as Adobe Premiere Pro, Adobe Photosop CC, Adobe Illustrator, Adobe Indesign and Davinci Resolve.

SOCIAL SKILLS AND COMPETENCIES

I am a very creative guy who lives his life through dreams and his desire to express himself. However, I can be a very precise person and attentive to the rules. I learn new activities very quickly, I am dynamic and skilled in group work. I know how to be patient and respectful in the jobs that are assigned to me.

In the future, I would like to be able to work in the entertainment world or more generally in the audiovisual world as a lighting technician.

I am passionate about the world of lights and music, with a particular interest in lighting design and lighting programming.

My goal is to specialize in the design and programming of lighting systems for shows and events.
