

GABRIELE SOVRINI

VIDEO MAKER / CINEMATOGRAPHER

My name is Gabriele Sovrini. I am 21 years old, and I am from Bologna. I have just finished my studies at the Rosencrantz&Guildenstern annual film school. I aspire to become a camera operator; but in the meantime, since I have not yet had the opportunity to work in the industry and make some practise on cinema's standard equipment, I would like to start as a camera trainee. I think it's a great position to familiarize myself with the equipment, integrate, and above all, learn by watching.

'BOLOGNA GETS HIGH' | DOC. | 2025

Slackliners balance on 2.5cm nylon's lines connecting ancient towers and bell towers in the city of Bologna. The historical and ancestral context of the city center and the pure minimalism of walking in the sky come into harmony. **work in progress**
