

JACOPO TODOLI

Director of Photography | Colorist

✉ +39 3662781147 @ todolijacopo@gmail.com

SUMMARY

Independent Director of Photography and Colorist, 24 years old. Based in Cervia (RA), I've built a solid and versatile background across independent cinema, television, commercial, and music production. I've had the chance to work on the photography for artists from Sanremo and X Factor, blending strong narrative sensitivity with solid technical skills in complex setups and post-production (Color Grading).

EDUCATION

Liceo Artistico Nervi Severini

Diploma in Sculptural
Design
2017-2022

SKILLS

- Great communication on set
- Strong knowledge of the different departments
- Extensive experience with RED, ARRI, Blackmagic and Sony systems

LANGUAGE

- English
- Italian

EXPERIENCE

2022-2026

CINEMA & SHORT FILMS

- Responsible for visual design, lighting/camera management, and the development of the photographic mood for various independent productions. Active participation in film festivals (including 48-Hour Film Festivals), shaping on-set work toward more structured and complex narrative short films. Extended skills in post-production as a Colorist, ensuring continuity and coherence of the cinematic look from set to final delivery.

MUSIC PRODUCTIONS

- Creation and development of visual identity for music videos of nationally recognized artists linked to contexts such as Sanremo and X Factor (including Random, Merlot, and others). Skilled in handling the fast pace of music video sets, working closely with the director to translate the sonic message into powerful images.

COMMERCIAL & BRAND CONTENT

- Director of Photography, Color Grading, and Content Creation | National and International Brands
- Nikon Italy: Creation of multimedia content and full visual oversight, handling photography direction and look development (color grading) for promotional brand projects.
- Meike Global: Development of video content and color post-production for international lens launch campaigns and global cinematic showcase projects.
