BLQrew

To build, together, what, as individuals, would have been impossible: a production reality that makes video a very effective communication and marketing tool for its clients. In 2022 a fourth partner joined the group, bringing to BLQrew an important contribution both human and professional, increasing its technical capabilities and enabling the development of interesting future scenarios.

BLQrew Soc. Coop.

Via Marco Emilio Lepido, 218/3 - 40132 - Bologna BO
C.F./P.Iva: 03771821208 SDI: W7YVJK9

It is made up of communication professionals who love their city, but who do not feel provincial, closed.

On the contrary, they consider themselves open-minded and ready to set up projects with an international scope.

BLQrew is able to proactively intervene at every stage of the creation process of an audiovisual product: creativity, writing, design and feasibility study, business plan, pre-production, shooting, editing, sound, colour correction and finalisation.
