EXPERIENCE

05/2020- present

Layout Artist

Palomar Animation, Reggio Emilia (IT)
Here I deepened my knowledge on storytelling, composition and cinematic language, experiencing for the first time some previsualization works.

08/2019- 02/2020

Layout Artist and 3D Animator

B-water Animation Studios, Köln (GE)
I've been part of the Layout Department, where I took care of animating cameras and positioning the character into the scenes, creating the key poses. Then I joined the Animation Team, where I had the responsibility of animate shots and sequences of different characters and creature, from the blocking to the polishing phase.

09/2018 - 02/2019

R&D 3D Character Animator

BigRock Institute of Magic Technologies Treviso (IT)
After the BigRock's master I was chosen as a member of the R&D team and during this period I focused my efforts on 3D Animation. I deepened my knowledge of the principles of animation and improved my skills in this field. I also had the opportunity to get closer to animation through the motion capture suit and related programs.
