WORK EXPERIENCES AND PROJECTS

2022 Collaboration with **Bright srl** - Imola (BO)
Video production company, I work as a video reporter for trade fairs and as a video editor.

throughout 2021 Collaboration with the **Municipality of Rio** in Toscana - Elba Island
Together with the VR-Pixel team we have undertaken a collaboration with the Municipality of Rio which involves a collection of photo and video material for the whole of 2021 and the management of the Municipality's social networks. Objective: to seasonally adjust the place. I take care of the direction, shooting and editing of the videos (also interviews).

2020 **Grotta del Farneto, immersive guided tour** – Bologna
With the VR-Pixel team we have created an immersive guided tour in 360 for the Parco dei Gessi suitable for viewing in Oculus. I was in charge of directing and editing the 360 video, available on YouTube.

2020 **Festival Sorelle di Corpo** and **museOpen** Project - Faenza (RA) - Cultural Association Fatti d'Arte APS
With the VR-Pixel team we created an immersive guided tour in 360. I took care of the digitization of the festival in terms of shooting and editing the 360 video, available on YouTube.

2020-today **VR-Pixel**

The reality of VR-Pixel was born in 2016 and is a team of freelance photographers, filmmakers and social media managers, experts in communication.

2018 **Opening of VAT number**

Since January 2018 I have become a full-fledged self-employed worker.

2016-today **Dimedia Studio Ravenna**

Collaboration at a videoreporter level and wedding and corporate video editing.

Videomaker for reportage of ceremonies, corporate videos and sports.

2012-2013 **Grafiche Baroncini Imola**

Full-time internship contract with the duties of:

Advertising graphic technician: processing of images and files with dedicated software, for the creation of material for advertising purposes

Manager of the molding line with quality control of the final product

IT SKILLS

Excellent knowledge of Microsoft Windows operating system and Mac operating system, fluent use of the office package with programs: Word, Excel, Access and PowerPoint.

Excellent knowledge of programs: Premiere Pro, Illustrator, In Design, Photoshop, Lightroom, After Effects, Davinci Resolve.

Excellent knowledge of Drive and its programs for writing, creating tables, presentations and google forms. Including file sharing.

Excellent organizational skills on planning and posting on Instagram and Facebook.

PASSIONS

Since childhood I have always been involved in sports such as artistic gymnastics.

Later to improve and refine the techniques of gymnastics, I embarked on the didactic path of dance. The two disciplines have led me to professional growth and training, making me understand the importance of teamwork and the tenacity to always achieve the set goals, all characteristics that have proved useful to me in my work experiences.

I shoot and edit videos of all genres, I have a good command of Adobe Premiere Pro and the courses I have done and am doing help a lot in my personal and professional growth.

Some of the works I have created are on www.elisastefani.it or on the **YouTube** channels **Elisa Stefani**, **VR Pixel**, **Rio Isola d'Elba**.

I am a person with great determination and willpower always ready to get involved and to overcome the obstacles that present themselves in front of me. Over time I have also become a poledancer and I intend to continue climbing this peak and, perhaps, get to teach.

Last but not least, I think that personal training is essential for career growth, and it helps a lot to keep up with the times.

CURIOSITY

- Certificate of MERIT issued by Packaging Imolese on February 26, 2016 for the Nuova Corporate Identity Competition.

- 1st place in the beam at the National Championship of Artistic Gymnastics, 6-7 December 2008.

In Faith

Elisa Stefani
