● ABOUT ME

I graduated in Law at the Alma Mater Studiorum in Bologna, during my studies I focused in particular on the study of Internet law and copyright, which I also deepened during my Erasmus in the UK, and on which I based both the university internship and the thesis. I have always wanted to work behind the scenes in the world of entertainment and for two years I have been collaborating with various companies specialized in cinema and audiovisual mainly in the production sector. I have basic editing knowledge.

In addition to cinema and audiovisual I have a passion for theater that I practice at amateur level for 10 years now.

I am a problem solver by nature, I very easily take leadership positions but I keep always in mind the importance of working as a team. I love taking care of people and in my few years of working I've learnt how a kind word can open a lot of doors.
