SILVIA FELLEGGARA

MAKE UP ARTIST

MY OWN STORY

I am a freelance make up artist for over 7 years.

I worked mainly in fashion shows and shooting, but during my last experiences as a make up artist on television I learn that work under a team of experts, with tight time and with all the problems that emerge each time challenging me a lot. And that's exactly why I want to continue working in the cinema-television world.

I have excellent problem solving and time management skills, I am fast at my job and I love working in teams.
