

RICCARDO CANTONI

Videomaker

ABOUT ME

I'm 30 years old, I'm a videomaker and documentarist based in Parma. I currently work as a freelancer for companies and individuals, I just attended a higher training course for documentaries in Bologna. Filming and facing new experiences in the audiovisual field fascinates me as much as confronting other cultures and different points of view. I have worked with different realities in various projects: documentaries, short films, events, corporate videos, music, art, sports, wedding, promotional and tourism.
