

Dearest,

We are pleased to introduce you to Giara Image, a leading company in the communication sector of image services, with historical roots, led today by the third generation entrepreneurial.

The matching between knowhow, technology, quality and tailoring; makes our service versatile and complete in line with the most current communication needs, ranging from multimedia exhibition set-up, technical production of events and production and post production of A/V content, up to temporary or summer cinema.

Our focus is to create custom solutions that exactly fit the customer's needs putting technology at the service of communication.

Design, versatility, collaboration and satisfaction are the key words for us be not a simple supplier but a partner for the customer.

Our reliability has led us to consolidate partnerships with important companies both in the our territory and abroad, following them from trade fair stands to corporate events.
