A B O U T :

Born in '82 in Istanbul, Turkey. After having an exclusive education with 75 % of English lessons during mid and high school, she decided to study space, light and design and she graduated from Architecture Programme of Istanbul Technical University in '06. She has worked and gained extensive experience in management of visual arts and festival/concert/event production during her university programme and she started her career in film production in '07. From that time on she is mainly producing TV commercials and feature films in Turkey for different regions of the world as line producer. She works with producers, directors and creatives from all around the world. This gives her a good chance to discover many different concepts and worlds. Her personal work and aim for cinema is to work on docu - drama, real stories and any messages that can reach to anyone in anywhere. Truth, emotions, creative ideas with unique cinematography and storytelling is what she wants to produce...
