

SINCRODUB

Sincrodub is a dedicated Dubbing and Recording studio based in Bologna, Italy.

Sincrodub offers a wide range of services and solutions for the creation and development of any vocal or audiovisual product. Operating together with professional profiles (producers, directors, multi-lingual translators, sound engineers, assistants) and a vast talent pool of voice actors and speakers, Sincrodub ensures technical excellence and meets any organizational need to get all projects delivered to deadline with the utmost quality and care.

Our Services:

- Dubbing and Voiceover
- Multilingual Translation
- Dialogue Adaptation and Localization
- Audio Post-Production
- Sound Design
- ADR - Dialogue Replacement Services

Sincrodub includes a large hall with a reception room, a recording room that can accommodate up to 3 artists, a control room that can accommodate the dubbing director, the assistant, the sound engineer and a supervisor. All recording and post-production equipment conforms to current production standards.

In addition to being a Recording and Dubbing studio, Sincrodub is also a specialized Dubbing and Acting Training Center, aimed at training new voice professionals, with a view to their integration into the working world. Part of the training offer, full of activities and courses for every need and age, Professional Dubbing Courses and Acting and Vocal Expressiveness Course.
